RISING GROUND CHURCH, MINISTRY
Raising people from survival to sonship.
From striving to flow. From identity to destiny.

OUR MISSION
To counsel, guide, and equip people to live in their God-given identity and walk in Divine Flow—at home, in family, and in purpose.

The Divine Flow Campus is designed as a protected restorative environment where individuals and families can temporarily disconnect from instability, emotional exhaustion, fear, confusion, and spiritual burnout in order to receive focused counsel, mentorship, discipleship, prayer, and restorative rest.

Mission & Purpose

The mission of Rising Ground Church is to help people move from striving to flow by guiding them into a greater understanding of identity in Christ, truth, alignment, and spiritual restoration. The Divine Flow Campus exists to create a peaceful environment where individuals can encounter truth, receive spiritual guidance, rediscover identity in Christ, and experience restoration through discipleship, mentorship, prayer, and atmosphere-centered ministry care.

The Need & Long-Term Impact

Many individuals, couples, ministry leaders, and spiritually exhausted believers are experiencing emotional fatigue, identity confusion, relational instability, spiritual burnout, and isolation. Rising Ground Church believes that environment and atmosphere play a significant role in spiritual restoration and transformation.

Rather than functioning as a traditional retreat center or clinical counseling facility, the Divine Flow Campus is designed to help individuals learn how to live from “Divine Flow” — a Christ-centered lifestyle of spiritual alignment, identity, trust, rest, and transformation through relationship with God.
